- Infrastructure Voluntary Evaluation Sustainability Tool
- Self-evaluation, sustainability best practices
- Systems, Projects and Operations Levels
- Topics
 - Access, affordability, multimodal, public health, travel demand management, project development, ecological connectivity, waste management, road weather management, operations
- **Does your plan/project/operations include sustainability best practices?**

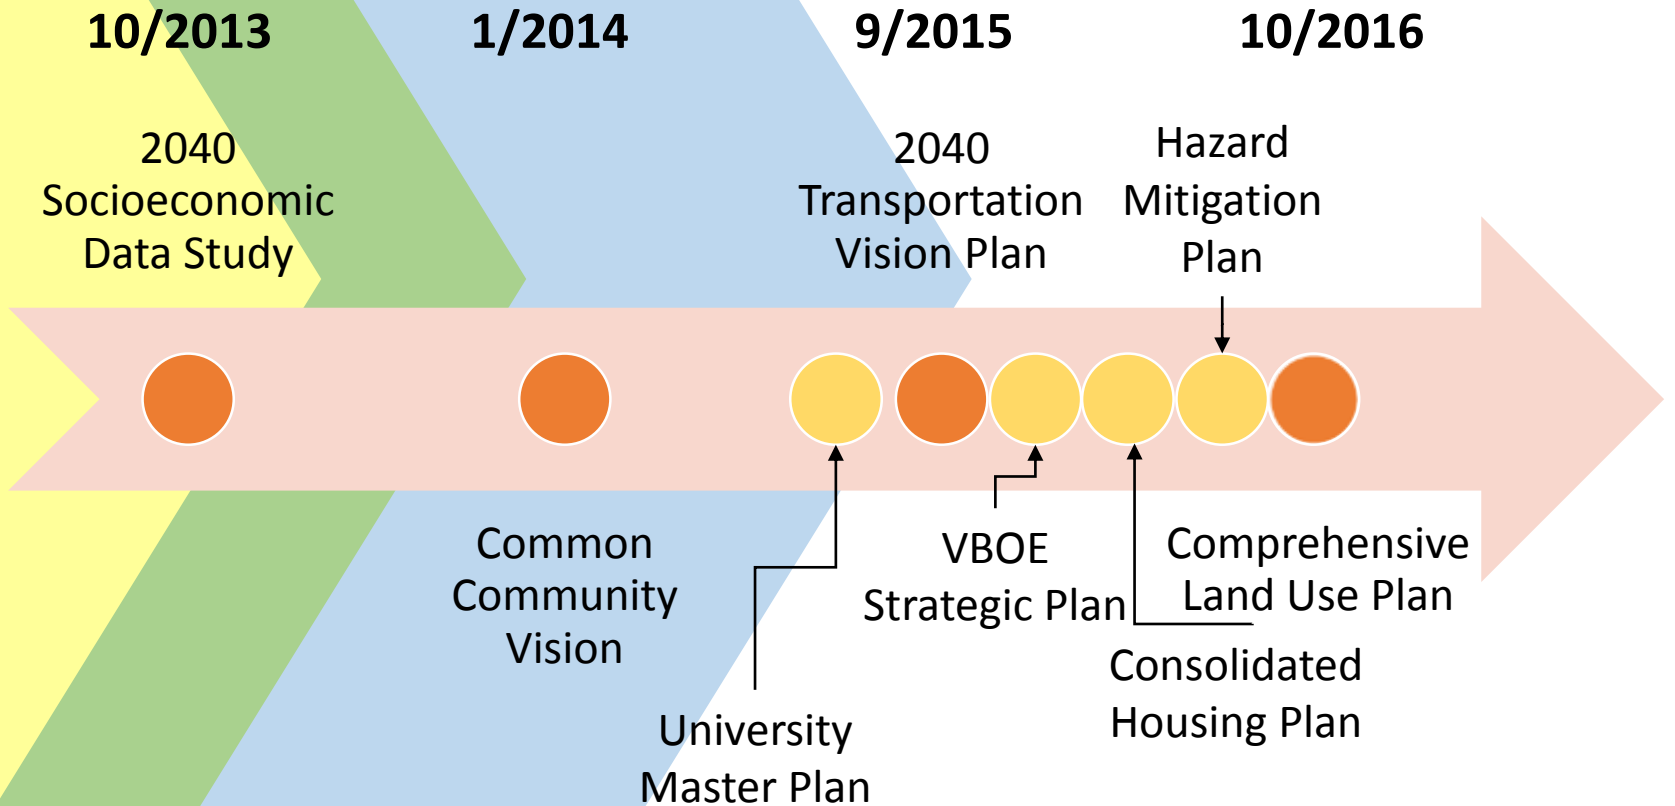

PlanWorks

- Great Resource to Guide Plan, Project and Operations Development
- Decision Guide
 - Stakeholders
 - Questions
 - Data Resources
 - Comprehensive Integration
- **A basic guide to be sure you are including the key concepts.**

Local Planning Timelines

Socioeconomic Data Study

	2010	2040
Population	109,233	149,288
Households	39,747	59,472
Employment	54,271	76,082
Enrollment	34,974	59,105
Income	Uses median income by Census Tract, constant dollars	

Housing, Age, Race, etc.

Block Group, TAZ, Tract, City, County

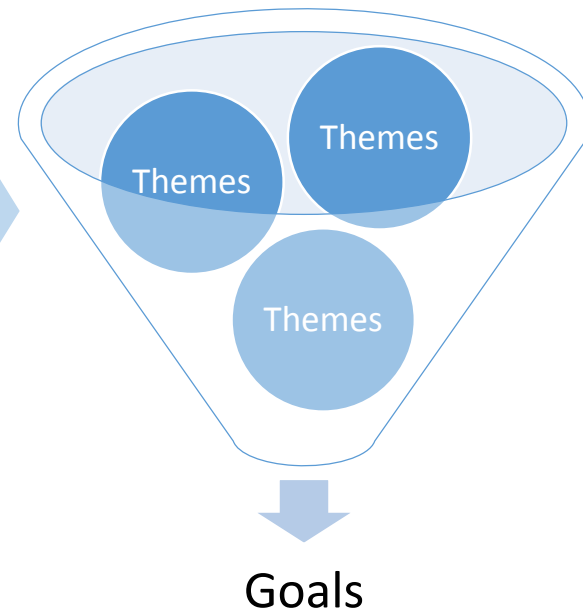

Common Community Vision

- 'Strategic Plan' Desired by Leadership
 - Several Community Planning Efforts on Horizon
 - 27 State, Regional, Local Plans
 - Open Houses, Civic Groups, Surveys, Expert Stakeholders
1. Economic Development
 2. Education
 3. Health and Safety'
 4. Housing
 5. Intergovernmental Coordination
 6. Land Use
 7. Natural Resources
 8. Quality of Life
 9. Transportation
 10. Utilities and Infrastructure

Common Community Vision

- 800 Statements
- Themes
- 18 Aspirational Goals

INVEST

- 2035 Transportation Plan Review
- INVEST Scorecard
 - Identified Areas for Improvement
- Better Collaboration
- Best Practices Ideas

PlanWorks

- Questions to ask
- Data to research
- Menu of options
- Integrated Planning
