Moving Downtown: Extension of an Intersection to a Streetscape Project

- $500,000 CDBG/$58,808 Match = $558,808
- Streetscape Improvements for one full block
  - City Hall Street to Coker Street
- Citizen Participation
  - Public Hearings
- Business Owner Participation and Collaboration
- Downtown Marketing Study
Other Projects and Collaborative Efforts

• Rural Freestanding Emergency Medical Center
  • Less than 1 mile from downtown
  • 20,500 square feet
  • $8.63m investment
  • Four county collaborative partnership

• New City Hall
  • Connected to main street through Harrison Park

• CDC Grant
  • Center for Disease Control Grant for Citywide Pedestrian Master Plan
Next Steps:

• **APPLY**
  • Look to apply for a MASC Main Street program to foster economic development and creating small business opportunities

• **PARTNER**
  • Look to partner with the South Carolina Arts Commission to develop strategies to make downtown Denmark an Arts destination

• **DIALOG**
  • Develop a dialog with Voorhees and Denmark Tech on getting professors, administration and students to shop and eat in Denmark

• **MEASURE**
  • Find ways to measure the direct and indirect economic impact from the intersection project and growth in general
